The True Grounds for Confidence. Whence comes that firm reliance, that abndigestion, billious disorders, Intermittent and remittent fevers, which notoriously prevails in all parts of the United States? 1871. This confidence has been growing for twenty years, and it is still extending. It is not the esuit of credulity; in has not been engendered by any human device, but is the sponnmediate neighbors, who neglect that recaution, are prostrated by the disease, hould be without its lesson? In like maner when it is seen that obstinate cases of spepsia, of liver complaint, of constipation, , yield to the operation of the famous emedy, how can even increduilty itself withhold its endorsement? Eye-witnesses of the salutary effects of the bitters, are to e found in every civilized settlement on this continent. The thousands upon thousands who owe their restoration to health and strength, or their preservation from sickness all work in their line, in the best style. In testimony of their ability, they beg leave to call attention to the accompanying letter, among many others, from the celebrated Dr. Jas. S.
